

ONLINE BEHAVIORAL HEALTH SCREENING PLATFORM

screening.mentalhealthscreening.org/cei

Behavioral Health Screenings are a quick way to determine if you or someone you care about may need to reach out to a doctor or mental health professional for an evaluation. They are educational, not diagnostic. This screening is anonymous and brief and can be accessed by clicking the link on the homepage of Community Mental Health Authority of Clinton, Eaton, and Ingham Counties - www.ceicmh.org or directly at screening.mentalhealthscreening.org/cei

If your agency or organization is interested in adding this screening tool to their website, please contact prevention@ceicmh.org
